and other species

Easy grader with 20 grading lines
and 5 grading conveyors

Easy grader with 3 grading lines
and 4 grading slots

On-board grading

High Speed Grading

Fast precision grading, handles raw material gently

- 1) In-feed lining
- 2) Grading channels
- 3) Water sprayer
- 4) Grading conveyor 1
- 5) Grading conveyor 2
- 6) Grading conveyor 3
- 7) Grading conveyor 4
- 8) Grading conveyor 5
- 9) Control display
- 10) Grading modules

Benefits:

- Fast precision grading
- Automatic process
- Handles raw material gently
- High capacity grading
- Energy efficient
- Customized solutions
- Rugged grading machine
- Flexible grading capabilities
- Easy to clean & sanitize
- Safe & easy to operate

Available is a wide range of graders, to grade most food products

Fresh fish grader

Salt fish grader

Easy Compact grader

Easy Weight Batcher

Easy Grader

Easy to clean open modules

Specification:

Dimensions L x W x H: 6160 x 1390 x 1996 mm Weight: 1400 Kg

Voltage: 3 x 400V 60 Hz

Power required: 7.5 Kw

Capacity: According to specie: Average 10 to 50 ton/hour

Material: Stainless steel

Certificate: CE

Compared to our competitors our greatest advantage is open continuous cleanable grading modules, and the easy continuous adjustment in operation, when changing between grades.

Optimize your investment with custom-made solutions

Traust technology, LLC., has been a leader in the development of processing equipment for over 30 years. Our qualified team of engineers, with years of experience, has designed, developed and installed complete processing plants as well as stand alone systems to suit the exact needs of processors around the world
