

Flow-scale

Simple & Quick weighing for food products

- Easy automatic operation
- Fast & accurate weighing
- Simple batching
- Easy installation
- Safe & easy to operate

Advanced Weighing

Gentle weighing and sorting for any food product

Capable of weighing and grading many different weight categories.

The Flow-scale is robust with a user-friendly touch screen and Ethernet connection for data logging. The highly economical Flow-scale is a part of a line of low-cost advanced processing equipment that offers essential high-tech machine. Suitable for simple weighing and grading of a wide variety of products, the grader is designed to fulfill the needs of small and medium sized companies. The Flow-scale is ideal as an add-on for larger companies requiring a machine that can handle temporary or seasonal overflow needs that do not justify the expense of a full-size grader.

Fresh Product Grader

Salt Fish Grader

Easy weighing & Grading

Fast precision weighing, handles raw material gently

- 1) Flow-scale
- 2) Conveyor
- 3) Display
- 4) Conveyor motor
- 5) Adjustable legs

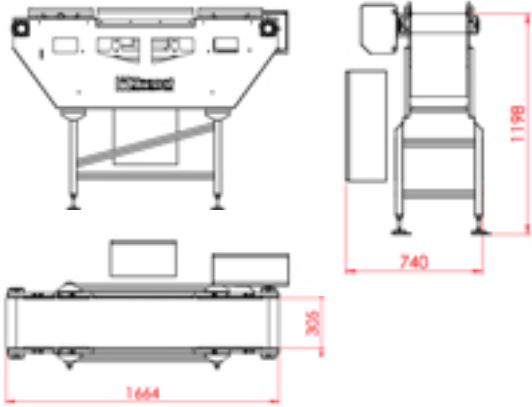

Benefits:

- ◆ Fast precision weighing
- ◆ Automatic process
- ◆ User friendly interface, touch screen
- ◆ Ethernet connection
- ◆ Handles raw material gently
- ◆ High capacity grading
- ◆ Energy efficient
- ◆ Standard solution
- ◆ Easy to clean & sanitize
- ◆ Safe & easy to operate

Operating the Flow-scale

The Flow-scale weigh products to keep track of yield and throughput in your production. The Flow-scale can be easily added on to your product monitoring system and to your product lines. Production data is transmitted in real time over an ethernet port which can be collected by an external database. The Flow-scale can be customized to your needs.

Flow-scale

Specification:
 Dimensions L x W x H: 1664 x 740 x 1198mm
 Accuracy: 2g for pieces under 500g, otherwise 5g
 Capacity: 120 pcs/min
 Product length: 50mm - 1000mm
 Display: Touch screen
 Power: 700W
 Voltage: 1x208-230 V
 Frequency: 50/60Hz.
 Current: 3amp.
 Weight: 205kg.

Available is a wide range of graders, to grade most food products

Salt Fish Grader

Pelagic Channel Grader

Herring, Mackerel & Scallop Channel Grader

Fresh Product Grader

Optimize your investment with custom-made solutions

Traust Know How, Ltd., has been a leader developing fish processing equipments for over 30 years. Our qualified team of engineers with years of experience, design and develop all our fish processing plants/equipment, to suit the need of the fish processing industry around the world.
